INFORMATION TECHNOLOGY CAREER TRAINING REINVENTED

Our accelerated training format is designed to help students **transition from the classroom into careers**. IT Career Lab blends classroom instruction, online coursework and live practicum in a state-of-the-art lab as part of its pioneering instructional approach. IT Career Lab offers **small class sizes**, a **direct link to the job market** and a **personal laptop computer** for students to keep.

OUR COMMITMENT

At IT Career Lab, we help talented individuals build **long-term careers** in the information technology industry. Our career coaches and instructors support students from goal development to **goal achievement**.

CAREER PLACEMENT

From **job training** to **job placement**, IT Career Lab offers it all in one package. Students receive our nationally-recognized Job Readiness Training and connections to **hiring opportunities**.

HANDS-ON LEARNING

Our students don't just receive technology training – they *experience* it. **In the classroom, online** and in our **state-of-the-art lab**, students build skills and professional qualifications through our blended approach.

NETWORK & SYSTEMS INFRASTRUCTURE

MICROSOFT 365 CERTIFIED: ENDPOINT ADMINISTRATOR ASSOCIATE

› ABOUT

The Microsoft 365 Certified: Endpoint Administrator Associate certification validates your expertise in deploying, configuring, protecting, managing, and monitoring devices and client applications within a Microsoft 365 environment. With a particular focus on Azure Active Directory (Azure AD), you demonstrate proficiency in managing identity, security, access, policies, updates, and applications for endpoints. This certification showcases your ability to implement efficient deployment and management solutions, leverage Azure AD for scalable endpoint implementation, and collaborate with other administrators to strategize and implement a modern workplace approach. By earning this certification, you highlight your marketable skills in Azure AD and endpoint administration.

OCCUPATIONS

Systems Administrator
Desktop Administrator
Cloud Administrator
Technical Support Specialist
Systems Analyst

IT INFRASTRUCTURE LIBRARY FOUNDATION LEVEL CERTIFICATION (ITIL® 4)

› ABOUT

The ITIL®4 Foundation certification is a globally recognized IT service management certification. It enables candidates to look at IT service management through an end-to-end operation model for the creation, delivery, and continual improvement of tech-enabled products. ITIL® training is offered as part of IT Career Lab's Network & Systems Infrastructure program and is offered together with the associated exam voucher for certification testing.

OCCUPATIONS

Help Desk Technician
Help Desk Manager
Technology Analyst

ITIL® is a registered trademark of the PeopleCert group. Used under license from PeopleCert. All rights reserved.

CISCO CERTIFIED NETWORK ASSOCIATE (CCNA)

› ABOUT

The Cisco Certified Network Associate (CCNA) certification program helps network engineers maximize investment in foundational networking knowledge and increase the value of your employer's network.

OCCUPATIONS

Network Technician
Network Operations Engineer
Support Engineer
Systems Engineer

DATA ANALYTICS

MICROSOFT OFFICE SPECIALIST IN MICROSOFT EXCEL

› ABOUT

The Microsoft Specialist in Microsoft Excel certification validates that students have a fundamental understanding of Excel and the skills to successfully perform operations with formulas and functions, in addition to managing data.

MICROSOFT OFFICE SPECIALIST ACCESS CERTIFICATION

› ABOUT

The Microsoft Office Specialist Access certification complements the knowledge students earn within the data analytics training program. The certification itself validates ability to create custom, browser-based database applications including tasks such as query, form, and report creation.

MICROSOFT CERTIFIED: POWER BI DATA ANALYST ASSOCIATE

› ABOUT

The Data Analyst Associate certification validates the ability to create and optimize data visualization techniques. It ensures that students: creatively engage with data, configure dashboards, implement artificial intelligence methods when appropriate, and more.

IT SUPPORT, NETWORKING & CYBERSECURITY

Cisco, in partnership with Certiport, has created the Cisco Certified Support Technician (CCST) certification program.

CISCO CERTIFIED SUPPORT TECHNICIAN (CCST) IT SUPPORT

» ABOUT

Cisco Certified Support Technician (CCST) IT Support certification tests an entry-level candidate's foundational knowledge and skills related to IT support tasks, including queue and time management, documentation, troubleshooting, assisting end users, managing computer components, and identifying security threats.

PROGRAM DURATION

5 weeks

OCCUPATIONS

IT Support Specialist
Service Desk Technician

CISCO CERTIFIED SUPPORT TECHNICIAN (CCST) NETWORKING

» ABOUT

Cisco Certified Support Technician (CCST) Networking certification validates an individual's skills and knowledge of entry-level networking concepts and topics. The certification demonstrates foundational knowledge and skills needed to show how networks operate, including the devices, media, and protocols that enable network communications. This program certification is also a first step toward achieving the CCNA certification.

PROGRAM DURATION

5 weeks

OCCUPATIONS

Network Technician
Computer Support Technician

CISCO CERTIFIED SUPPORT TECHNICIAN (CCST) CYBERSECURITY

» ABOUT

Cisco Certified Support Technician (CCST) Cybersecurity certification validates an individual's expertise in entry-level cybersecurity concepts and subjects, encompassing security principles, network security, endpoint security concepts, vulnerability assessment, risk management, and incident handling. This certification is a vital first step toward achieving the CyberOps Associate certification.
